

Coaches and Parents,

Coming out of the pandemic and now with several shake-ups in the youth baseball world, we at Nations Baseball want to fill you all in on our plans moving forward.

First, regarding the pandemic, we will be extending the season for markets until August 31st which includes an extension of team insurance if you purchased it from Nations.

Second, any team in the Texas and Louisiana markets that purchases a fall team and plays during the fall season will receive a \$50 discount on the tournament payment thus saving the normal fall \$50 registration fee.

Third, beginning August 1<sup>st</sup>, Nations will become a part of the Youth Baseball Network (YBN) which includes numerous tournament directors from around the country. The directors that are part of the YBN Network span from all sides of the country. West and East coasts as well as Northern and Southern states. YBN already has several destination World Series events set up for the 2021 season and those will be announced later in the fall 2020 season.

Lastly, regarding Texas market changes, in the last few days, the only change that we anticipate is the Scrapyard will no longer be hosting Nations events. All other venues will continue to host our events and we are working on a few more locations around the greater Houston area. Nations will continue to offer all teams affordable and well run tournaments by people that care about the game of baseball and the quality of the events that you play in.

Thanks.

Nations Baseball
